

2020 Future of Iowa Agriculture Scholarship Program

Purpose

The mission of the Iowa Corn Promotion Board and the Iowa Corn Growers Association is *"Creating Opportunities for Long-Term Iowa Corn Grower Profitability"*. The future of the Iowa corn industry depends on the development of a solid core group of agricultural experts entering the industry – both producers and agribusiness professionals. The future success of Iowa Corn will depend on our ability to offer support, relevant programming, advocacy, and services to those new stakeholders entering Iowa's agricultural sector.

The *Iowa Corn Future of Iowa Agriculture Scholarship Program* provides support to those who are preparing themselves in college programs to enter the agriculture industry. Sixteen (16) \$1,000 one-year scholarships will be awarded to deserving, qualified students enrolled at an accredited U.S. 2-year or 4-year junior college, college or university, or graduate school, in a program of study that can equip the student to contribute to the agriculture industry in Iowa.
